WORK EXPERIENCE

ReactJS Intern, Opt Alpha Private Limited

July 2024 - Aug2024

- Integrating **React Query** and **TypeScript** boosted data fetching and caching speed .
- **Redux** was used to optimize **state management**, ensuring smooth data flow and improving application performance.
- **Firebase** was applied for backend tasks, enhancing authentication reliability , while **Vite** was chosen to speed up build times.

Training Student, DRDO

May2024 - July 2024

- Created an interactive dashboard app with **ReactJS** and **JavaScript**.
- Integrated data **visualization charts** to improve data comprehension and engage users .

Front End Developer Intern, Brand Bugle India

Oct 2023 - April 2024

- Created **3** user-friendly websites with **CSS Frameworks**, boosting user engagement .
- Addressed concerns and introduced new functionalities to over **20** live websites with **JavaScript**, improving website performance .
- Implemented **PHP** for website-backend integration, guaranteeing safe data transfer and reducing downtime .

PROJECTS

Email Client Application Development

- Created using ReactJS, similar to Outlook.
- Features include paginated email lists, dynamic email fetching, and favorite marking.
- Supports filtering by read/unread status with persistent storage, using semantic HTML, CSS, and modular ES6/7.

Interactive Product Analytics Platform

- Features real-time data visualization with bar and line charts.
- Includes advanced filtering (age, gender, date range) and responsive design.
- Utilizes React, cookie management for user preferences, and URL-based view sharing post-authentication.

CERTIFICATIONS

- **Coding Ninjas:** Data Structures in C++, Introduction to React, Introduction to Node.js
- **Coursera (META):** Front-End Development Fundamentals, Front-End Development Basics, JavaScript Programming

EXTRACURRICULAR / HOBBIES

- Attending social events to connect with new people and have conversations.
- Traveling to new destinations
- Listening music
