EDUCATION

Maharaja Agrasen Institute of Technology, Rohini Sec-22, Delhi

Bachelor of Technology in Information Technology and Engineering | 2021 - 2025

TECHNICAL SKILLS

- **Languages:** C/C++, HTML/CSS, Javascript, SQL
- **Libraries/Frameworks:** React.js, Node.js, Express.js, Restfull APIs, TailwindCSS, Jest
- **Databases:** MongoDB, MySQL
- **Computer Fundamentals:** OOPS, DBMS
- **Developer Tools:** Visual Studio Code, Git / Github, Postman API

WORK EXPERIENCE

OptAlpha Private Limited

ReactJS Intern | July 2024 - Aug 2024

- Enhanced data fetching speed by 35% using React Query and TypeScript.
- Improved application performance by 30% through optimized state management with Redux.
- Integrated Firebase for secure authentication and reduced build times by 20% using Vite.

Defence Research and Development Organisation (DRDO)

Training Student | May 2024 - July 2024

- Built an interactive data dashboard using ReactJS and JavaScript, improving analysis speed by 20%.
- Incorporated data visualization charts to increase user comprehension and engagement by 30%.

Brand Bugle India

Full Stack Developer Intern | Oct 2023 - April 2024

- Designed and deployed 3 responsive websites using Bootstrap, resulting in a 25% increase in average session duration.
- Resolved performance issues of 20+ websites, improving load times by up to 30% and adding new features using JavaScript.
- Developed secure backend systems using PHP, reducing server downtime by 30% and enhancing data integrity.

PROJECTS

DevTinder : An App Designed to Connect Developers | [Link](#)

- DevMatch's frontend utilizes ReactJS, Redux, TailwindCSS, and DaisyUI for responsiveness, while the backend employs Node.js, Express.js, and MongoDB for secure operations.
- JWT is used for secure login and signup, ensuring user authentication and privacy.
- Users can register, create profiles, manage sessions, and network by sending and responding to connection requests.

FoodPoint: Place to order your Favourite Meal | [Link](#)

- Built a config-driven UI with ReactJS, utilizing Redux for state management and custom hooks for cart functionality.
- Developed responsive and animated user interfaces using React.js, styled with TailwindCSS, and managed global state efficiently with Redux.
- Improved testing reliability by 40% through the implementation of unit and integration tests using React Testing Library, ensuring robust front-end functionality.

EXTRACURRICULAR / HOBBIES

- Attending social events
- Listening music, Adventurous trip
